## REPORT OF FIRE WARDS.

---

The Fire Wards respectfully submit the following report:

During the past year the fire department has answered one fire alarm, Sept. 9, at William Sawtelle's barn. Although the town has been very fortunate in regard to fires, we make the following recommendations:

First, that the town install an electric fire alarm system.

Second, that the water pipes be extended on Temple, High, Mill and Pleasant streets.

Should these extensions be made the efficiency of the fire department would be much increased in case of fire.

## REPORT OF CEMETERY TRUSTEES.

---

During the past year there has been the usual amount of labor expended in the general care of the cemetery. In addition to this, much extra work has been done, many of the old neglected lots have been righted up, sand and gravel removed and the surface raised to a proper level with good loam, which, by the application of fertilizer and lawn seed, may be made a beautiful green.

The under-drain in the southern part of the cemetery was found to be filled solid with sand. Much labor was required to remove the sand, the drain being five or six feet deep, filled with stone and gravel.

During the year a bequest of one hundred dollars has been received from the estate of Maria A. Bacon.

### REPORT.

About one hundred and twenty new books have been added to the library during the year, exclusive of the yearly addition of the volumes of public documents. Of these new books, one-half have been works of fiction and the rest have been nature studies, travels, biography, history, science, etc. We have made special efforts to care for the tastes of the younger readers as well as to develop the resources of the reference library.

A bulletin board has been placed in the reading room, on which the lists of new books, special study reference lists, etc., are posted. A new book-case has been added during the year and we have now reached the limit of space in that direction. With but few changes the same magazines and weekly journals have been subscribed for as in previous years. For the benefit of the citizens of the town we append herewith a list of the new books added the past year.

Respectfully submitted,

H. J. TAFT,

JOHN REID,

## SCHOOL REPORT.

---

The school board submits the following report:

The schools have been in session thirty-six weeks. At the beginning of the school year the school board was obliged to fill two vacancies, caused by the resignation of Miss Winifred Robbins and Miss May Morgan. Miss Fannie Blood was selected for the intermediate school and Miss Beatrice K. Taft for the primary school. On account of the scholars in the Reid district it was deemed best to share the cost of maintaining a school in the brick schoolhouse with the Mason school board. We have paid the tuition of one scholar to the Appleton academy.

By way of repairs we have had the building thoroughly cleaned, the walls kalsomined, and have put up new curtains in all the rooms, also had the building shingled. At the present time there are four grades in the grammar school, as there were enough scholars to form a high school class. The South and East schools have been closed and we have transported the scholars as in previous years.

Our schools have made good progress and we have been particularly fortunate in the fact that but few absences have been caused by sickness. We note with satisfaction the interest taken by the parents in visiting the schools. This not only gives encouragement to both teacher and pupil but is a source of pleasure to parents which should not be lost.
