

ANNUAL REPORTS
OF THE
SELECTMEN
AND
OTHER TOWN OFFICERS
OF
GREENVILLE, N. H.

WITH THE
REPORT OF THE SCHOOL
BOARD.

FOR THE FISCAL YEAR ENDING FEB. 15, 1905.

FITCHBURG:
SENTINEL PRINTING COMPANY, PRINTERS,
1905.

TOWN WARRANT.

THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Greenville, N. H., in the County of Hillsborough in said State, qualified to vote in Town affairs.

You are hereby notified to meet at the Town Hall in said Greenville on Tuesday, the fourteenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.
3. To hear reports of agents, auditors, committees and officers heretofore chosen, and pass any vote relating thereto.
4. To see if the town will vote to authorize the selectmen and town treasurer to borrow money for the use of the town.
5. To see if the town will vote to raise a sum of money not exceeding sixty dollars for decorating soldiers' graves.
6. To see what sum of money the town will vote to raise for the use of the library.
7. To see what sum of money the town will vote to raise and appropriate to build a sidewalk from the end of present sidewalk opposite the Catholic church to the New Ipswich line on High street, or take any action thereon.
8. To see what action the town will vote to take with reference to supplying water to the Parochial school.
9. To see if the town will vote to purchase a snow roller, and raise and appropriate money for the same.

10. To see what action the town will vote to take with reference to wiring town house building and procuring suitable fixtures for lighting the same with electricity, and see what sum of money the town will vote to raise and appropriate for the same.

11. To see what sum of money the town will vote to raise and appropriate to liquidate the School Fund.

12. To see if the town will vote to raise and appropriate the amount of money necessary to secure state aid for the permanent improvement of highways, under the law passed by the January session of the legislature, 1905.

13. To see if the town will vote to adopt by-laws regulating the speed of automobiles in the village of Greenville.

14. To see if the town will vote to repair and paint town house building, and raise and appropriate money for same, or take any action thereon.

15. To see what action the town will vote to take with reference to the liquor license fee in the Town of Greenville, or take any action thereon.

Given under our hands and seal, this twenty-seventh day of February, in the year of our Lord nineteen hundred and five.

HENRY P. GAINNEY,

ALVIN GREENE,

CALIXTE CHOUINARD, JR.,

Selectmen of Greenville.

FIRE WARDS' REPORT.

The fire wards respectfully submit the following report:

During the past year the fire department has answered to four alarms, none of the fires, however, being disastrous. They occurred on the following dates: May 6, June 9, July 8 and Oct. 19.

During the year the fire wards have purchased a pung sleigh, which has a capacity for carrying five hundred feet of hose.

The electric fire alarm is successfully operated from the town house each day, and in the time of necessity will prove its value.

The company appeared on parade May 30 by invitation of the Herman Shedd Post, G. A. R.

VICTOR L. PARKER,

JAMES H. DOWNES,

Fire Wards.

C. A. PRESTON, *Treasurer.*

REPORT OF CEMETERY TRUSTEES.

As in years past, we have endeavored to keep the spot where so many of our friends are laid to rest in a neat and tidy condition. The headstones have been reset when needed and properly righted up, the grass kept mowed, and all leaves and rubbish that would mar the beauty of the grounds removed. We think that our cemetery at the present time will compare favorably with others in country towns. Late in the autumn we commenced clearing and grading a portion of the grounds purchased for an addition, and made satisfactory progress until the very unfortunate and serious accident to Mr. Wheeler, who had charge of the work, made it impossible to fully carry out our plans at that time. We expect, however, to have quite a spot graded and ready for use early in the spring.

ISAIAH WHEELER,
HENRY I. WHITNEY,
STEPHEN H. BACON,

Trustees.

in each side of the basement and a drinking fountain in each hall with the most approved sanitary arrangement.

Each room, also the vestibule and basement, is equipped with intercommunicating telephones so sensitive that a whisper can be heard distinctly. An electric gong on the rear of the building is operated from the principal's room.

Each room is amply provided with slate blackboards of the best quality, those in the primary rooms being several inches lower than in the upper grades.

We found it necessary to exchange our heater for a larger size Walker & Pratt, as the heat requirements demanded the change. There is now reserve heat in case at any future time a room on the third floor is required. This, of course, meant an extra expense, but the winter through which we have just passed has proved the wisdom of reserve heat.

All plumbing supplies were of the James Barrett & Co. manufacture, which is a sufficient guarantee of their quality.

The committee can say that the efforts of Mr. Chapman to provide plans for an artistic and commodious building, and the faithful and superior quality of labor furnished by Mr. Laflamme and Mr. Barber, are fully appreciated.

We give below an itemized cost of the new building, briefly described as follows:

Size of building,	40x55
Four rooms,	27x30
Corridors,	9x36
Vestibule,	5x14
Supply room,	9x10

All outside doors open out.

These dimensions are approximately correct.

Every voter is urged to visit the school and make a *thorough inspection* of the building, thereby satisfying himself that the town has received full value for money expended.

the supervision and only at certain times called on the architect for advice and approval. The faithful work of all the contracting parties was fully appreciated by the committee. Many suggestions of value were received from our local mechanics, and where possible were made use of. As the building progressed certain changes were made where deemed necessary to make a substantial building. Two steel eye beams running directly through the building and the iron columns in the cellar are two of the extras referred to in our financial account.

The system of heating and ventilating is unsurpassed, and a supply of fresh, warm air is always to be had with a proper handling of the registers. There are two complete systems of heat and each is wholly independent of the other. On two sides of each room there is a row of pipes for the direct steam. There are two radiators in each hall, also a radiator just above each ventilator in the ventilator stack, so that the bad air is actually pulled out of the room. The fresh air is obtained directly from outside, and after passing through the indirect coils is carried directly to each room, where it can be regulated to obtain the desired temperature. On each lower floor is a rotating register which connects directly with the indirect chamber below. When school is dismissed for the day, these registers are opened, the ventilators are closed and the warm air passes around and around on an endless journey, thus saving fuel.

All of the sanitary arrangements in the basement are ventilated directly into the chimney. All clothing is hung in the basement, and it is an absolute impossibility for impure air to reach the schoolrooms.

The ventilating and lighting are in accordance with the requirements of the state of Massachusetts. The seats are arranged so that the light reaches the pupil from the back and left side, and as all the rooms are equipped with shades having the Allen holder, the manner of lighting is ideal.

A pure water supply is obtained from the town reservoir and is carried to the building in wooden pipes. There is a lavatory

REPORT OF BUILDING COMMITTEE.

The Building Committee respectfully submit the following report:

Attention is first called to the vote passed at the last March meeting, which will be found recorded in the school report, and under the authority of which vote this committee was authorized to proceed in the erection of a new school building. Mr. Frederick W. Ely, Mr. Stephen H. Bacon and Mr. Henry I. Whitney were appointed by the School Board to serve on the building committee with them. A meeting was held on the evening of March 17 at the Columbian Mfg. Co.'s office. Mr. Victor L. Parker called the meeting to order and the committee proceeded to organize as follows: Frederick W. Ely, chairman, and Charles A. Preston, secretary.

On April 5 the services of Mr. E. R. B. Chapman, architect, 101 Tremont street, Boston, were engaged to prepare and submit plans for a four-room building. Mr. Chapman submitted plans and specifications April 23, and after a few alterations they were accepted.

Invitations for bids were immediately sent out and in response four bids were received. The bids ranged from \$9,985.00, the highest, to \$5,779.00, the lowest. Mr. F. X. Laflamme of Manchester, N. H., was awarded the contract for \$5,779.00 on May 13, and on May 16 the contract was signed.

There were three bids received for plumbing; highest \$884.20, lowest \$528.35. The contract was awarded to Mr. H. H. Barber of Milford, N. H., for \$528.35, on July 20, 1904.

The heating was to be paid for by the day, in order to use all available material in the old building.

Our local contractor, Mr. Roy J. Nault, installed the intercommunicating telephone system.

During the erection of the building the committee attended to

The above report is respectfully submitted.

LILLIE M. BACON,

VICTOR L. PARKER,

CHARLES A. PRESTON,

School Board.

The new building was dedicated October 1, when the following program was presented:

Invocation,	Rev. T. Vassar Caulkins.
Delivery of the Keys,	Mr. Stephen H. Bacon.
Reception of the Keys,	Miss Lillie M. Bacon.
Music,	Greenville Cornet Band.
Paper,	composed by Miss Abbie H. Allen.
Remarks,	Rev. T. J. E. Devoy.
Music,	Greenville Cornet Band.
Address of Dedication,	
	Prof. James E. Klock, Principal State Normal School.
America,	Band and Audience.
Benediction,	Rev. Tyler E. Gale.

The fall term of school opened October 3, and both teachers and pupils appreciate their improved surroundings.

There is no better way of raising the tone of a school than by insisting that all property connected with it be kept in repair, and present at all times a neat and tidy appearance. Each child should be a self-appointed committee of one to see to it that his school property is not unnecessarily damaged in any way.

The erection of the new building necessitated the shortening of the school year to thirty-one weeks. One hundred and twenty-three different pupils have been registered the past year.

The schools have been the recipients of the following gifts: Two pictures from the W. C. T. U., four flags from Mr. and Mrs. V. L. Parker, and an oleograph from the W. R. C. of New Ipswich.

The Werner arithmetic has been substituted for the Wentworth in all the grades. A series of Rand McNally maps has been put in the grammar and intermediate rooms.

We should be glad to see a special instructor in drawing at no distant day, for drawing trains the eye as music trains the ear.

In summing up the work of the year we believe there has been an advance along the lines of better school accommodations, better text books, a better understanding between teachers and pupils, and last but not least, a better spirit of coöperation among all those interested in the welfare of the schools.

REPORT OF SCHOOL BOARD.

We herewith submit our annual report to the citizens of Greenville.

The year has been a busy one for all connected with the conduct of the schools.

An article was inserted in the warrant of 1904 relating to the need of increased school accommodations. At the school meeting the following action was taken:

"Voted that the School Board is directed by the district to tear down or remove, or otherwise dispose of, on best terms possible, the old schoolhouse, and build a new building containing four or five school rooms and necessary entries, anterooms, basement, etc., at an expense not exceeding \$7,000.00, and have the same ready for use with opening of fall term, 1904.

"Also that the School Board be authorized to appoint a building committee, if they saw fit, from themselves and voters of the town, who shall assist them and, under their direction, have charge of erecting the building."

The following action was taken by the town:

"Voted that the Selectmen be authorized by the town to borrow a sum of money not exceeding \$7,000.00 at lowest possible rate, and on condition that it may be paid off in annual payments of \$500.00 each, to erect a new school building as voted by the school district. This money to be known as School Fund, and that each year at least \$500.00 shall be paid off on this loan, besides interest, until fully paid. This amount paid off to be raised with the taxes unless there is money on hand from other sources that can be used for the purpose."

In accordance with the vote of the district, F. W. Ely, H. I. Whitney and S. H. Bacon were chosen to act with the School Board as a building committee. A detailed report of the work of this committee is given by the secretary.

ORGANIZATION OF SCHOOL BOARD.

Lillie M. Bacon, <i>Chairman</i> ,	Term expires 1905.
Victor L. Parker,	Term expires 1906.
Charles A. Preston, <i>Secretary</i> ,	Term expires 1907.

Annie P. Stevenson, *Supervisor of Music*.

Henry I. Whitney, *Truant Officer*.

Bronson P. Lamb, *Treasurer*.

The regular meetings of the School Board are at nine A. M., the fourth Friday in the month, at Columbian Hall.

TEACHERS.

Anna J. Balch,	One term.
Alfreda Emerson,	Two terms.
Fannie S. Blood,	Three terms.

Dr. B. D. Pease, for cash paid out,	75	
Boston & Maine Railroad,	25	
		\$347 87
Balance in treasury,		\$34 20

HERBERT J. TAFT, *Treasurer.*

CHAMBERLAIN FREE PUBLIC LIBRARY.

TRUSTEES.

S. H. BACON, *Chairman*,

H. J. TAFT, *Treasurer*,

B. D. PEASE, *Secretary*.

The library has long been limited for shelf room. By removing the stove and heating the room from the furnace of the town building we have been able to add two book cases, which will soon be filled. The question of more roomy quarters is sure to arise in the future.

We have purchased a number of standard sets to replace worn-out editions. The works of fiction seem to be in more demand than any other class of books.

There were 4,479 visitors to the library, and 2,340 books in circulation.

We would recommend the same appropriation for the support of the library by the town as in past years.

THE TRUSTEES.

REPORT OF BOARD OF HEALTH.

We have little of interest to report this year. There has not been a case of contagious disease reported, which is a remarkable thing for a town of our size.

The dumping ground has been taken care of as in years past, but at a greater expense, as there is a larger amount of refuse each year.

There have been but few complaints from people in regard to unsanitary conditions.

H. S. FARRAR,

HENRY I. WHITNEY,

B. D. PEASE,

Board of Health.

REPORT OF AUDITORS.

We have examined the accounts of the selectmen, town treasurer, fire wards and cemetery trustees for the year ending February 15, 1905, and find them correctly cast and properly vouched.

We find that the road agents' bills rendered to the selectmen correspond with the town orders issued to him.

W. B. GRAHAM,

GEORGE C. ROBBINS,

Auditors.
