THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the Town of Greenville, in the County of Hillsborough in said State, qualified to vote in Town Affairs:*

You are hereby notified to meet at the Town Hall in said Greenville on Tuesday, the eighth day of March next, between the hours of ten of the clock in the forenoon and four of the clock in the afternoon, then and there to bring in your ballots for the following town officers:

Town clerk for one year; one selectman for three years; tax collector for one year; highway agent for one year; water commissioner for three years; cemetery trustee for three years; library trustee for three years; two auditors for one year; three firewards for one year.

Also to bring in your ballots for delegate to the Constitutional Convention.

The polls will close at four o'clock.

And at eight of the clock in the afternoon of the same day at the same place to act upon the following subjects:

Article 1. To choose all officers not chosen by the Australian ballot.

Article 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

Article 3. To hear reports of agents, auditors, committees and officers heretofore chosen and pass any vote relating thereto.

Article 4. To see if the town will vote to authorize the selectmen and town treasurer to borrow money in anticipation of taxes, or take any action thereon.

Article 5. To see if the town will vote to raise and appropriate the sum of \$221.17, the state to contribute \$884.68, these amounts to be used jointly as a relief fund and to be expended upon Class V highways, so-called, or . . . will raise and appropriate the sum of \$1,000.00, the state to contribute \$2,000.00, the money to be used as a state construction fund, and must be spent on the Turnpike, so-called, or take any action thereon.

Article 6. To see if the town will vote to raise and appropriate the sum of \$1,000.00 for sidewalk construction, or take any action thereon.

Article 7. To see if the town will vote to authorize the selectmen to dispose of the hearse-house, or take any action thereon.

Article 8. To see if the town will vote to raise and appropriate the money necessary to install a street light at the rear of the residence of Mrs. Emma Fortin, or take any action thereon.

Article 9. To see if the town will vote to raise and appropriate the sum of \$700.00 for the purpose of retaining a physician in Greenville, or take any action thereon.

Article 10. To see if the town will vote to raise and appropriate a sum of money for the purpose of making a survey and mapping of the entire town, or take any action thereon.

Article 11. To see if the town will vote to instruct the town clerk to charge fifty cents for each non-resident marriage license, in addition to the regular fee, said money to be used towards defraying the cost of publishing the list of weddings as required by statute, or take any action thereon.

Article 12. To see if the town will vote to raise and appropriate the sum of \$100.00 to advertise the town through the Monadnock Region Association, or take any action thereon.

Article 13. To see if the town will vote to instruct the town clerk to make provision for the election of the overseer of poor by the Australian ballot and charge the usual fee, or take any action thereon.

Article 14. To see if the town will vote to appoint a committee to look into the matter of a new fire apparatus and report at a later meeting, or take any action thereon.

Article 15. To see if the town will vote to appoint a committee of four to serve with the selectmen to make a study of various departments of the town to obtain more efficient and economical operation of said departments, or take any action thereon.

Article 16. To see if the town will vote to authorize the selectmen to draw up and promulgate certain regulations in regard to the use and abuse of public buildings, or take any action thereon.

Article 17. To see if the town will vote to give a rebate on taxes paid on or before a certain date to be decided upon at this meeting, or take any action thereon.

Article 18. To see if the town will authorize the selectmen to administer or dispose of any real estate acquired by the town through tax collector's deeds, or take any action thereon.

Article 19. To see if the town will vote to raise and appropriate a sum of money for the celebration of the ratification of the federal constitution anniversary by the state, June 21, 1938, said sum to be expended under the direction of the selectmen, or take any action thereon.

Article 20. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 21st day of February, in the year of our Lord nineteen hundred and thirty-eight.

## Report of the Overseer of the Poor

The general business recession has naturally had its effect locally. While the relief situation has not been severe during the first part of the year, there has been a decided increase in December and January. The demands will be heavy in all probability until spring. However, effective June 1, 1938, the new settlement laws go into effect with the result that all present town paupers will become county charges. The work will be administered by the local relief officer as at present.

More changes in the Old Age Assistance laws in the summer resulted in the town's share being reduced from  $47\frac{1}{2}\%$  to  $25\%$ , showing a decided saving in this appropriation.

Until employment conditions change for the better, I do not anticipate any substantial improvement in the relief situation.

Respectfully submitted,

J. WILLARD BUTTRICK

## Report of Firewards

---

The Fire Department was called out three times by signal alarms during the period from January 31, 1937 to January 31, 1938.

The first alarm on May 9 was for a grass fire caused by escaping sparks from an incinerator at the home of Raymond Dempsey.

The second, on Sept. 11, occurred at the house owned by the Lapuse heirs causing damage of about \$300.

The third, on Dec. 7 at the office of the Greenville Electric Light Co., was a hard fire to subdue as it originated between the walls of the building and had considerable headway when the firemen arrived. This fire damaged the property to the extent of \$1,600.

The Department fire truck has been in use about eleven years and is obsolete. We feel that at an early date more modern auto apparatus should be provided including a pumper. We believe this can be done at minimum expense by installing a Barton pump on a new chassis. Minor equipment also is needed such as nozzles, gas and smoke masks.

Information is again given that all firemen have small extinguishers at their homes and all residents should be acquainted with location of the one in their vicinity for use in emergencies. They are very efficient at the beginning of a fire. It has happened that persons went a long distance to the Central Station, when unknown to them several extinguishers were within 200 feet of the chimney fire.

# Chamberlin Free Public Library

1937-1938

Number of visitors	7385
Number of books loaned	3943
Number of magazines loaned	568
Fines received	\$29 61

138 new books have been purchased this year. We have also received donations of several books and magazines from interested patrons.

Through the State Library, the Public Library Commission, and the Congregational Christian Conference office we have been able to borrow about fifty books for reference work, Church reading and special subjects of interest to patrons. The loaning of books from these organizations is a fine opportunity for the smaller library to supply its patrons with a greater number of books than would otherwise be available.

The library was fortunate in having on display for some time, several of the drawings and designs of the late George E. Germer, of Mason, N. H.

## Auditors' Report

We have examined the accounts of the following town officers: Selectmen, Town Treasurer, Water Commissioners, Fire Wards, Cemetery Trustees, Library Trustees, Town Clerk, Municipal Court and Tax Collector for the year ending January 31, 1938, and find them correctly cast and properly vouched.

We find that the Road Agent's bills rendered to the Selectmen correspond with the orders issued to him.

As required by the State Tax Commission, we examined the list of unpaid taxes and found this list correct.

## THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School District in the Town of Greenville  
qualified to vote in district affairs:*

You are hereby notified to meet at the Greenville Town Hall in said district on the eighth day of March, 1938, at nine o'clock in the forenoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the District.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To see if the District will raise and appropriate the sum of \$90.00 in addition to the \$60.00 required for medical inspection; this money to be used to employ a school nurse to do follow-up work, a plan which has been adopted in practically every town in the state.

Given under our hands at said Greenville, this 18th day of February, 1938.

## Report of School Board

---

To the Citizens of Greenville:

We herewith submit the following report:

There are thirty-six pupils in High School this year, six of whom will graduate in June. We expect nineteen will graduate from the eighth grade this year, and all expect to attend High School. This will make approximately fifty pupils in High School next year, with a corresponding increase in the budget for tuitions.

While we will graduate a class of eleven from the public school, we expect a much smaller number of first-graders to enter next fall. The intermediate grades, namely four, five and six, will have only eight pupils, therefore it seems advisable to try again the two-teacher arrangement. If for any reason this proves unsatisfactory, the Board stands ready to employ another teacher.

Manual training has been resumed, with Mr. Camp of Appleton Academy in charge. Mrs. LaPierre has provided an adequate program for the girls.

The school building is in excellent condition, inside and out, and reflects the care given it by Mr. Roots. A new sidewalk was built all around the building last summer. Some new playground equipment was provided last fall, which has proved very popular with the smaller children.

A change in the State laws relating to transportation has been made, to the effect that pupils attending approved private schools up to and including the ninth grade shall be entitled to the same transportation privileges within any town or district as are provided for pupils in the public schools. To date no parents have availed themselves of this privilege.

The Board earnestly hopes that the district will approve Article 9 in the warrant, to provide a nurse for additional school health service. This service has been adopted by practically all towns in the state, and is in effect in Mason, New Ipswich and Wilton.

# Report of Superintendent of Schools

To the School Board and Citizens of Greenville:

I respectfully submit my fifteenth annual report as Superintendent of Schools.

## SUPERVISION

Without reducing any of the usual routine activities of supervision discussed in previous reports, I am attempting this year to give particular emphasis to Reading. This emphasis is being directed along two lines,—first, with the reading activities of the child's first year in school, in an effort to reduce the number of failures; and second, in grades above the first, to overcome the difficulties some children have in reading, by diagnosing their troubles and providing some degree of remedial instruction.

Recent years have brought many changes in the theory and practice of teaching beginners to read. The results of scientific investigation have given us a clearer understanding of the way children learn. The process of learning to read is made up of five rather clearly defined stages of development. In each of these stages very definite aims have been set up, and until the child has attained certain standards of achievement in the first stage, we cannot expect him to go on successfully in the next stage.

We call the first of these five the "Preparatory Stage." Children enter first grade with varying degrees of readiness, and the first task of the teacher is to discover the degree of readiness of each child and to provide experiences which will supplement those the children have already had in the home and community, in order to bring about as rapidly as possible certain physical, social, and emotional adjustments, and supply a background of ideas and a freedom in conversation which will enable the children to enter the second stage of reading on as nearly an equal basis as may be possible. However, it is obvious that not all children will be ready for the second and succeeding stages at the same time, and our greatest administrative problem is to so organize the work that each child may be able to progress at his own best rate.

The second stage of development in reading includes the pre-primer period, when the child becomes able to read simple sentence units; the primer period, where he learns to read units of two or more sentences fluently and understandingly; and the first-reader period when he learns to read simple material quite independently, becomes absorbed in getting the meaning, and enjoys reading by himself. This is ordinarily the extent of a child's progress during the first year in school, but there are always some children who have completed these two stages before the end of the first year, and others who need more than one year to accomplish it successfully.

We are attempting this year to send reports of progress to parents in forms that indicate quite minutely to what degree the child has met the standards set up for each period of learning to read, believing that the parent should know as intimately as possible the progress made by his own child.

The work in remedial reading in the upper grades has not yet been so definitely organized as I have just described for the first grade. Progress has been made, however, and all of the teachers are giving special study to methods of remedial reading, some of the necessary testing has been done, and some remedial teaching is being done. A more complete report of this work will be given next year.

#### MEDICAL INSPECTION

Dr. C. G. Cayward of New Ipswich made the annual inspection of the pupils of both the public and parochial schools in September and reports as follows:

	Public	Parochial
Number examined	51	154
Defective vision	10	19
Defective hearing		1
Anemia		2
Deformity		1
Defective teeth	31	94
Diseased tonsils	13	42
Enlarged glands	6	17
Tuberculosis		9
Skin disease	1	1
Unvaccinated		1
Number pupils excluded		2

As usual, there is no report of corrections or treatments because there is no school nurse to take charge of the remedial work. Doubtless, there have been some corrections of which we have no record. But it is certainly true that a great many of the defects reported are repetitions of conditions found in previous examinations; and although notices are sent always to parents, many of them go unheeded.

From the health standpoint, there is no doubt that much good could be accomplished by a trained, public health nurse who could make contact with parents and explain the need for treatment to correct any defects noted. Children who are handicapped by poor eyesight, diseased tonsils, and troublesome teeth or glands have not the full physical strength and vitality that they might enjoy.

From the point of view of school work, there is no doubt that the correction of such defects as these with the consequent increase in physical vigor would improve also their mental attitude and capacity for learning.

Article 9 in the school warrant is for the purpose of providing fifteen days' nursing service next year.

#### STATISTICS

The table of statistics following this report shows a total enrollment for this year of 56 pupils, but five of these have already dropped out of school, making the present enrollment 51. Eleven are in the eighth grade and will presumably graduate next June. We know of but four pupils to enter the first grade next September. On this basis, we estimate an enrollment of 44 next fall. If these be divided among three teachers as at present, there will be seventeen in the primary room, eight in the intermediate room, and nineteen in the grammar room. Obviously, the number is so small as to suggest that two teachers would be sufficient to take care of them. With two teachers having four grades each, there would be twenty pupils in the primary room and twenty-four in the grammar room.

#### BUDGET

The budget for next year has been prepared on the basis of two teachers. The increased estimate for high school tuitions is made up from the cash balance that we shall have at the end of this school year. Since there is no material change in any other item in the budget, the elimination of the salary of one teacher

accounts almost entirely for the reduction in the estimated assessment required.

Respectfully submitted,

VERNON S. AMES
