REPORT OF DISTRICT FIRE CHIEF

In looking over the records I find that over one-third of the fires in District One in 1954 were from incinerators and burning without first securing a permit from the forest fire warden of the town where the fire occurred. As all these thirty-three fires were in violation of the law, all of us citizens who own homes or rent property should try to the best of our ability to cooperate with the forest fire warden and fire chief in the town or city in which we live.

After the snow leaves the ground and the spring season arrives we all like to get out of doors and start to clean up the grounds and back sheds so before we start to burn, let's contact the forest fire warden of the town in which we live and get his view and permit.

GUY O. HOLLIS

District Chief

REPORT OF FOREST FIRE WARDEN

- 35. Permits. (b) No person, firm or corporation shall kindle or cause to be burned any material, and no city or town shall kindle or maintain a fire or a public dump, in or near woodlands, pasture, brush, sprout, waste or cut over land or where fire may be communicated to such land, except when the ground is covered with snow, without first obtaining a written permit from the forest fire warden of the town where the burning is to be done unless the same is in the presence of the warden or his agent.
- 36. Liability for Fires Without Permit. Any person causing or kindling a fire without permit of the forest fire warden, when such permit is required, and any person by whose negligence or the negligence of his agents any fire shall be caused, shall be liable in a civil action for the payment to the town, or the state or both, of the expenses incurred by the forest fire warden or deputy warden in attending or extinguishing such fire.

During the year 1954 the town had one brush fire which burned over ½ acre of land. This fire was caused by careless extinguishing of cook-out fire by children and could have been a serious fire had it not been discovered when it was.

The town dump continues to be a major forest fire threat and I repeat as in previous years that the burning of the dump rests with the Highway Agent, the Fire Department and Forest Fire Warden and not anyone using the dump.

REPORT OF FIREWARDS

During the Year 1954 we had five minor fires. We wish to compliment the public for their cooperation in cutting down dump fires.

Assistance was given on two occasions in Mason during the past year.

Two hydrants have been replaced.

The new fire truck was received December 15, 1954, and was approved by the board of Underwriters, and accepted by the three fire wardens. At the present time it occupies a stall at the Greenville Mills garage.

A new blow has been added to the fire alarm system — three blows for fire drills.

Fire drills have been held during the past year and will be continued.

Respectfully Submitted,
JOHN RODIER, Chief

CHAMBERLIN FREE PUBLIC LIBRARY

Report of Librarian to the Trustees

I hereby submit report of the library for year ending December 31, 1954.

During the past year the library has been of use to the community in other ways than the loaning of books and periodicals. Committee meetings have been held in the library, food sales by various organizations, and a Harvest Sale was held for the benefit of the Greenville playground.

The library has been open the usual Monday and Wednesday evenings and Friday afternoons, except when a legal holiday fell on the regular library day. Miss Lillian Thibault has been learning the library routine so that there might be a substitute available. Miss Thibault is replacing Miss Patricia Dow who served as substitute librarian until leaving town to attend school.

The Bookmobile has made its regular visit every three months during the year, leaving us an average of 40 books each visit.

During the Summer, to stimulate more interest in reading among the young people, a book reading contest called "The

Book Worm" was held from July 12th to August 30th for Grades I through 7. Twenty-four children were registered and reading of two books was required for qualification. There was much interest in the contest, and the largest number of books read by one child was 45.

At the close of the contest a party was held in the library rooms, and games and refreshments were enjoyed by the children. Miss Lillian Thibault assisted with the party, and Mr. Gustave Doucet took a picture of the group. A certificate was awarded each child and the one in each age group reading the most books was awarded a book prize. We hope to have a similar contest during the Summer of 1955 with more children enrolled.

A perfect robin's nest containing three perfect eggs, which had been abandoned by the mother bird, was loaned to the library by Mrs. Sumner Dodge for a nature exhibit in which the children were much interested.

Visitors during the year (Adults 717, Young People 419	8) 4915
Books Loaned (Fiction and Non-Fiction)	4109
Magazines Loaned	1068
New Books Purchased (48 for Young People)	107
Gift Books Received	22

A book for young people "Good-Bye My Lady" by James Street was presented to the library by Mrs. Frank Reed in memory of her husband. This is a fine memorial, giving pleasure to the young people who were very dear to Mr. Reed.

We sincerely thank all those who have made gifts of books and magazines to the library or have helped in any way to make it of more service to the community.

Respectfully submitted,
GERTRUDE S. KIMBALL

AUDITORS' REPORT

We have examined the accounts of the following town officers: Selectmen, Town Treasurer, Tax Collector, Town Clerk, Water Commissioners, Fire Wards, Library Trustees, Town Hall Rent Book, Municipal Court and Trustees of Trust Funds for the fiscal year ending December 1954 and find them correctly cast and properly vouched.

We find that the Road Agent's bills rendered to the Selectmen correspond with the orders issued to him.

As required by the State Tax Commission, we examined the list of unpaid taxes and found this list correct.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Greenville:

I respectfully submit my eighth annual report as your Superintendent of Schools.

INSTRUCTION

Our staff changed considerably from the close of school in June 1954 and the opening of school in September 1954. Mr. Benjamin Macey, who had been with us three years, resigned to accept a position as Principal of the Elementary School in Clarence, New York. Mr. Dana Moore, graduate of Springfield College and Keene Teachers College, was employed to assume his duties as Principal and teacher of grades 6, 7 and 8. Mrs. Mary Pelletier resigned from teaching at the close of school in June and her replacement was Mr. Elliott Barron. Mr. Barron is a recent graduate of Brandeis University, and has taken graduate work at Massachusetts State Teachers College and Keene Teachers College. Both men are doing a very effective piece of work and have exerted excellent influence on our young people. We are indeed fortunate in being able to retain the services of Mrs. Edna LaPierre and Miss Elsie Wheeler. Retention of good teachers is reflected in a continuity of educational policies and procedures and is a steadying factor on any school system.

The past several years space in my report has been devoted to a description and analysis of various phases of our educational program. Basically, we are continuing the same program with emphasis constantly changing in those areas where the abilities of individual pupils and classes, dictate that changes should occur.

This fall we made it possible, by obtaining the services of Mr. Eddie Hamilton, an experienced instrumentalist, to offer the pupils in grades four through eight an opportunity to take up a musical instrument of their choice. This program, though involving only a small number of pupils at the present time, is producing excellent results. Presently the parents are paying 50¢ per pupil per lesson; the lessons are given in a group and during school hours; the parents rent an instrument and pay the rental quarterly. If it is found that the child has some musical talent the rental price can be applied toward the purchase of an instrument thereby eliminating a large initial outlay of funds before a parent is sure that the child has some musical aptitude. It is my strong recommendation that the school district underwrite the expense of the instruction as a part of their educational responsibility. This is not a large amount. It is estimated that an appropriation of approximately \$200 would provide instruc-

tion for approximately 10 pupils. This amount has not been included in the School Board's Budget but could be added at the Annual District Meeting if the voters so desired.

The school health services are being capably supervised by Miss Sybil Beatham, School Nurse, and Dr. Harlan Karr, School Doctor. These services are purchased by the School District for both the Public and Parochial school children, consequently, we are able to render help to all Greenville children of school age.

The teachers and parents are to be congratulated upon organizing the Greenville Parent and Teachers Club. I have felt that this has been a need in our school for several years. A closer contact with the school and its problems will result and certainly better teacher-parent-pupil relationships will prevail. This group will give us an opportunity to keep parents informed of the progress of their children and what the school is trying to do.

BUILDINGS AND GROUNDS

The Greenville Public School is in no need of any major work. Mr. Charles Roots does a fine job of maintaining the building and it is largely through his interest and efforts that many minor repairs are taken care of as they arise and seldom develop into major repair problems.

We are continuing our program of adding a section of chain link fence each year until the time when the school grounds will be completely enclosed. An amount is included in the School Board's budget to construct a chain link fence on the North side of the school lot.

NO SCHOOL POLICY

The Greenville School Board has established the following policy relative to keeping school on stormy days. Our school will be open every day regardless of the weather unless it should be so extreme that the bus cannot operate. Thus parents will be assured that when they send their children to school there will always be somebody there to receive them. On extremely stormy days, parents are encouraged to use their own judgment and keep their children home if they feel that it is in the best interest of health and safety to do so.

FINANCE

The School Board's Budget for 1955-56 calls for an appropriation of \$33,049.12, an increase of \$2,394.04 over that of last year. These increases are largely reflected in the following items: Tuitions \$1,710; New Equipment \$400; Teacher Retirement \$232.30; Teachers' Salaries \$130; Insurance \$68.32; Principal \$100; Statutory Obligations related to administration

\$112.42; Miscellaneous items \$80. Decreases in Capital Outlay and Interest of \$439 results in the net increase mentioned above.

It will be noted that the largest single increase is reflected in tuitions. As we have more pupils attending public high schools this item will constantly increase. The total school population in Greenville reflects a constant increase and eventually the number of pupils going into secondary schools will become larger. This year we experienced several more pupils attending public secondary schools than was anticipated, consequently this item shows an estimated deficiency as of this writing to be \$290. However, we are hoping to absorb this amount by savings in other areas. It appears that during the school year 1955-56 we will have 38 pupils attending Appleton Academy at \$280 per pupil and two attending Peterborough High School at \$310. This is the most difficult area of our budget to estimate since the number of pupils who will attend public high school is so uncertain.

CONCLUSION

I again wish to extend my appreciation for the excellent cooperation I have received from the Greenville School Board, the staff and the parents and friends of the Greenville Public School for assisting me to develop and carry on an effective educational program.

NEWELL J. PAIRE
Superintendent of Schools

SCHOOL NURSE REPORT

During the school year 1953-54 I made fifteen visits to the Greenville Public School and twelve visits to the Sacred Heart School. The chief problems during the year were chicken pox and mumps in both schools and one case of whooping cough, causing much absenteeism.

In October the Patch test for tuberculosis susceptibility was applied by Mrs. Irene Birschall, N. H. Tuberculosis Nurse to most of the children, and six children showed a positive reaction to the test. These children were followed by Mrs. Birschall and X-Rays were obtained.

Screening for vision loss was accomplished by means of the Snellon Chart and I used the group audiometer in determining the loss of hearing of the children in the Public School. I will use it this spring in the Parochial School to screen the children in the upper five grades. It is inconclusive when used with children below the third grade because of its text.

I assisted Dr. Karr when he made his examination in the fall and kept a record on each child.

Dr. Karr found the following defects:

GREENVILLE PUBLIC SCHO	OL
Enlarged cervical glands	- 1
Enlarged tonsils	12
Posture, poor	1
Overweight	3
Pediculosis	12
Defective teeth	19

SACRED HEART SCHOOL

I made four home visits during the year to consult with parents about remedial defects and discuss the health of their children.
