FINANCE COMMITTEE REPORT

The Finance Committee appointed by Town Moderator and approved by Selectmen met with appointed or elected department officials to discuss their budget and any articles in the warrant affecting their department. We also met with the Selectmen to go over the entire budget.

GENERAL COMMENT

As in the past, the cost of materials and services are still going up, increase in wages also add to the cost of all departments. After going over all the budget, we make the following recommendations.

EXPENDITURES

1. Police Department – requested budget of \$23,580.00. Finance Committee recommends a budget of \$23,080.00. The \$500.00 reduction would be an increase of that amount to the Chief's salary – a \$1,000.00 salary increase was approved last year.

2. Fire Department – the budgeted figure \$10,550.00. Budget committee feels that the balance on hand of \$1,526.17 should be applied against the budget – \$1,000.00 of balance is for sewer connection, \$526.17 should go to reduce their budget to \$10,023.83.

3. Municipal Court – amount spent last year \$1,720.00 – amount budgeted for the coming year is \$2,782.46. This includes Greenville's share for a Probation Officer of \$707.46 – \$100.00 raise for the Judge and \$105.00 raise for the Clerk of Court. Finance Committee is in approval on this budget.

4. Souhegan Valley Ambulance Service Budget – capital budget of \$13,250.00 and an operating budget of \$10,984.00. Finance Committee feels that the 1972 Cadillac, which has but 47,000 miles, is more than adequate for our present needs. We do not recommend the \$11,000.00 provision for a replacement at this time. This would reduce our per capita cost from \$4.25 to \$2.03. We recommend the sum of \$3,581.90 as Greenville's share.

5. Parks and Playgrounds – A lot of work has been done on the ballfield – youngsters and adults using these facilities has been on a remarkable increase – their budget request accepted as a sound budget.

6. Library Budget – Budget Committee recommends Librarian's salary from \$3,861.00 to \$4,212.00 rather than

\$4,563.00 as budgeted--Asst. Librarian's salary from \$1,438.65 to \$1,573.00 rather than \$1,646.20 as requested. We also recommend that the surplus on hand of \$2,009.38 be applied against the budget which would bring the budget to \$9,060.83 instead of the \$11,504.41 as requested.

The article to appropriate \$2,000.00, we recommend it be passed over until such time as Library gets more space.

7. Road Maintenance -- budget for 1977 -- Summer roads \$9,500.00 -- Winter roads \$25,500.00 -- Tarring \$5,600.00 -- Sidewalks \$1,500.00 -- Sewers \$1,500.00 -- Bridges \$500.00 -- Finance Committee recommends Summer roads \$7,000.00 -- Winter roads \$20,500.00 -- Tarring \$5,000.00 -- Sidewalks \$1,500.00 -- Sewers \$1,500.00 -- Bridges \$500.00.

Article to finish upper Adams Avenue to intersection and rough out from intersection to Rousseau Avenue, the Budget Committee recommends approval of this article.

Article to install new water and hydrant line on Kimball Heights to be paid by Water Department -- Finance Committee approves this article.

Article to install new water and hydrant line to tie in on 2 in. line on Rousseau for \$7,300.00 from Revenue Sharing Fund -- Finance Committee recommends approval of this article.

CONCLUSION

The Finance Committee wishes to thank all the Department Heads for their cooperation in helping us analyse their budget. Unfortunately in some cases, we recommended some substantial changes. This was done only after much deliberation.

We feel that the Budget Committee should be called in session the first week in January, this would give them time to recall some of the Department Heads to justify certain areas of their budget. Due to the limited time this year, this was not possible.

Respectfully submitted,

**GREENVILLE POLICE DEPARTMENT
ANNUAL REPORT**

The total number of Court Prossed Complaints during the year 1976 was 266:

Motor vehicle violations increased	7%
Criminal Complaints decreased	48%
Juvenile Complaints increased	65%

In-department training sessions were held at the Police Station from January through April, under the direction of several Troopers from the New Hampshire Division of State Police.

In May we held our Annual Bicycle Safety Program which included a Rodeo. We received a tremendous amount of help and cooperation from the Greenville Public Schools, the Chamberlin Public Library, several members of the Temple Police Department, parents and friends of the children involved in the rodeo and members of our Police Department. We are grateful to everyone who helped make the program a great success. We extend special thanks to all the business establishments who helped finance the program and to all the children who took part in the program. With your help and cooperation, the program will be held again this spring.

Early in '76, a Drug Information Program was established with the combined efforts of Mr. Thomas Mohan, Principal of the Mascenic Regional School, members of the School Board, Marc Sarkidy and Sydney Beaudet of Another Place, and the Greenville Police Personnel. The program was offered to high school students in late spring and due to the interest shown it was repeated last fall.

Also as part of the Drug Information Program, through the generosity and enthusiastic support received from a few business firms in Greenville, we are having a book published containing drug information for the adults of our community. In conjunction with the book, adult group sessions will be held at our Police Station for people interested in procuring more information about the problem with drug abuse as it exists in our town. Further information concerning this program will be published in the local newspaper this spring.

I wish to thank everyone who helped us during the past year. Special thanks to all Police Department Personnel, to Fire Chief, Walter Gendron and members of the Fire Department, to Ronald Vaillancourt, Road Agent and to the Nelson Answering Service.

I wish to extend an invitation to anyone who has not yet visited the Police Station; we are proud of it and would like you to share in that pride. I also want to welcome anyone who has any questions or complaints concerning police related problems, to come in and discuss them with me.

Thanking you again, I am

Sincerely yours,

ALLAN A. LAFRENIERE, Chief of Police

FIRE DEPARTMENT REPORT

We the Wards of the Greenville Fire Department wish to express our sincere thanks to the Selectmen and to the people of our Town, for all the cooperation they have given us during the past year.

We have had a very successful year, both fire wise and financially. We responded to a total of 30 alarms. Of which 11 were Mutual Aid calls to our neighboring Towns, and two false alarms.

Again we thank you for making it a "Safe" year.

Respectfully submitted,

W. GENDRON

Report of District Fire Chief and Town Forest Fire Warden

Since its beginning in 1893, the State Forestry Department has recognized the fact that forest fire prevention and suppression is a joint state and town or city responsibility. Local authorities recommend names of persons to the State Forester, who appoints one person as town or city fire warden and several other persons as town or city deputy fire wardens to a three year term.

The local forest fire warden controls the kindling of all outside fires, when the ground is not covered with snow, by issuing a written permit for kindling a fire. Permits are only issued at such times and in such places as the fire warden deems as safe.

The State Forest Fire Service trains the local forest fire organization in modern forest fire prevention and suppression tactics. The State also provides backup personnel and equipment for suppression and prevention activities.

The combination of State and local forces has resulted in one of the smallest acreage loss due to forest fires in the United States for the past 20 years.

REPORT OF THE LIBRARIAN AND TRUSTEES OF THE CHAMBERLIN FREE PUBLIC LIBRARY

"If we are to have an educated and informed population we need a strong and open library system supported by a committed administration — We cannot call for a revival of quality education in America and close our libraries — We cannot ask our children to learn and then take away their books."

—President Jimmy Carter

The highlights of 1976 are many and varied. Our first Children's Art Exhibit was held in April in the community hall. Children in grades 1-5, under the direction of Miss Nina Giacoppe, exhibited their art work for the townspeople.

In May, Mrs. Irene Sherburda, first grade teacher in Greenville, put on a program, "Preparing Your Child for School," for area parents.

The "Silver Penny Puppets" were an outstanding success at our first Outdoor Puppet Show held in August.

The Friends of the Library ushered in Autumn with a Book, Bake, and Plant Sale in September. Mrs. Dorothy Russell is chairperson of the Friends this year.

"Smokey the Bear" came to the Library in October and talked to the children in Grades 1 & 2 about fire safety. December was a month of stormy Fridays. Both the Currier Art Gallery and Windblown, a cross-country ski area, were postponed because of weather. Grades 3-5 will have these programs rescheduled in January and February.

Christmas week, the film "Twas the Night Before Christmas" was shown at the library for all area children.

In addition to special programs, the library also holds a weekly pre-school "Story Time" which consists of a craft, a film and a story.

Children in Grades 1-5 visit the library every other week to select books. Films are shown monthly.

For many years people have looked at libraries as places to check out books for pleasure and enrichment. The trend today is different. Libraries serve as information centers. The Chamberlin Free Public Library has tried to meet the needs of the community by compiling an Information Fact

Sheet for new residents of Greenville. The booklet includes information about the town: Voter registration, town government, resident and property taxes, and a list of town officials are but a few of the items that are included in the booklet. These booklets are available at no cost at the library and will be up-dated annually.

During 1976 a total of 8,329 people were served by the library, and our circulation of books, magazines, records, puzzles and pamphlets totaled 9,730.

Our heartfelt thanks to all who have supported us during the year with gifts of time, books and money. A special thank you to the Mason Village Savings Bank for donating a conference table and chairs to be used in our new addition, and to Phil Alix who did the cover photo for our Fact Sheet.

The trustees take great pride in the Chamberlin Free Public Library and take every opportunity to improve the services to its patrons. On September 15, 1976 at the recessed town meeting, townspeople voted to expand the library's physical facilities. The trustees have recognized for years the need for additional space. We advocated and enthusiastically supported this move. It is unfortunate that as of this writing of this report, no progress has been made for expansion. We hope to be in new quarters soon in order that we may better serve you.

AUDITORS' REPORT

This is to certify that we have examined the books and other financial records of the following town officers: Selectmen, Town Treasurer, Town Clerk, Tax Collector, Firewards, Library Trustees, Municipal Court, Road Agent, Trustees of Trust Funds, and Water Department and find them to be correctly cast and properly vouched.

We verified the Tax Collector's uncollected lists as of December 31, 1976 by mailing notices to those having outstanding balances.

**REPORT OF THE GREENVILLE PLANNING BOARD
FOR THE YEAR 1976**

To the Honorable Board of Selectmen:

The planning board functions as a subdivision study committee in which plans are either approved with conditions or disapproved with major reasons. No plan is ever disapproved for reasons other than in the best interests of Greenville. Subdividers have the option of appeal to the Board of Selectmen who also have the authority to overrule our decision.

Last year was a busy year with ten (10) plans submitted for subdivision approval. Nine (9) were approved and one (1) disapproved.

We look forward to 1977 and hopefully for a joint meeting with the Selectmen to review Greenville's direction. A 1975 meeting was most helpful.

We wish to thank all who attended our meetings and for their cooperation. Planning Board meetings are held the 2nd Thursday of each month.

Respectfully submitted:

GREENVILLE PARK & PLAYGROUND COMMISSION
ANNUAL REPORT FOR 1976

The Greenville Park and Playground Commission reports another successful season at the Pelletier Memorial Pool. Michael Steele served as Pool Director, assisted by Arthur Pelletier as Instructor and Life Guard, and Robin Cook as Life Guard. Instruction was given in the morning, an adult class met one evening a week, and the pool was open for free swimming in the afternoon and evenings. A swim team was organized and participated in several meets.

Francis Cook and Russell Cook, Jr., did an excellent job caring for the Myrtle Marsh Memorial Park and the Ida Taft Field.

The improvements to the playing field were completed in time for regular use by the Little League, Minor League, Legion Softball and Girls' Softball teams, as well as "pick-up" teams.

We wish to publicly acknowledge with thanks Alan LaFreniere, Robert LaFleur, Walter Somero, Rosario Bernier, George Fafard, Clyde Eaton and D'Onfro's Sons Inc., for their generous contributions of labor and machines for grading and finishing the playing field.

The granite posts at the Myrtle Marsh Park will be removed, cut by one foot and replaced this spring. Planting at the Ida Taft Field will also be completed this spring.

Although we have several major improvements planned for the Ida Taft Field, we are postponing definite action until we receive the money promised us by DRED for the improvement of the playing field.

The Greenville Recreation Association sponsored a Bean Supper, Spring Concert and a raffle and returned \$1,000 to the Town. No Lawn Party was held this year because of the many Bicentennial activities. Several fund raising activities are being planned for 1977.

A moving tribute to the memory of Armand Gebler, former Little League Coach and Park and Playground Commissioner, took place at the Ida Taft Field on Sunday, Octo-

ber 3. A stone with appropriate lettering was unveiled near the backstop, designating this part of the field as the Armand Gebler Little League Field. This memorial was made possible by contributions from local businesses, personal friends and family members from Greenville and Warwick, Rhode Island.

We thank the townspeople for their continued support of our activities.

GREENVILLE'S CELEBRATION OF THE BICENTENNIAL OF THE AMERICAN REVOLUTION

The American Revolution Bicentennial was celebrated in Greenville for a 2 year period, covering both 1975 and 1976. Events in 1975 included a gala Labor Day celebration, with a banquet and street dance on Friday evening, a Bicentennial Ball Saturday, a family picnic on Sunday, and a huge parade on Monday. The ball and the banquet were held in the Pioneer Convention Center, appropriately decorated with red, white and blue streamers, liberty bells, etc. A committee from LeClair-Caron Post, American Legion arranged the banquet- a catered roast beef dinner. Highlight of the evening was the presentation of an official Bicentennial flag to the town of Greenville by a representative of the New Hampshire American Bicentennial Commission. The Bicentennial Ball was arranged by the Auxiliary Unit of LeClair-Caron Post, and included selection of Bicentennial Queen (Jeanette Clow) and two Aides (Rose Marie Plante and Marie Vaillancourt). The family picnic on Sunday was sponsored by the Greenville Lions Club at the Legion Field on Route 31. The huge parade, under the chairmanship of Herbert Beausoleil, was a complete success, with many imaginative floats, and marching units. Special seating arrangements for Senior Citizens were provided.

Events in 1976 included the following:

1. Poster Contest for children in Grades 1-5 in the Greenville Schools; prizes were N.H. Bicentennial Medals.
2. Spring Concert and Bicentennial Program, co-sponsored by the Bicentennial Committee and the Greenville Recreation Association in May.
3. Ringing of all Town Bells at 2 P.M. on July 4, part of a nationwide event.
4. Ecumenical Church Service at the Sacred Heart Church on July 4, with participants from the Greenville Federated Church and the Sacred Heart Church, and a joint choir.
5. Street Dance and Bicentennial Dance in July.
6. Another successful parade on July 25.

The committee received a grant of \$780 from the New Hampshire American Revolution Bicentennial Commission for a permanent beautification project; \$180 was also received from the Greenville Lions' Club for this project. Henry Richardson was chairman of this project, which included granite planters plus flowers and shrubs, installed on the western side of the Town Hall. Benches for this area were also purchased. Plans were also included for a Community Bulletin Board, which has not yet been completed.

Mrs. William LaPierre made a quilt square showing Greenville's railroad bridge, for a Bicentennial Quilt assembled by the Monadnock Region Association. This quilt is currently on display at the Peterborough Historical Building.

Another committee project was the painting of town fire hydrants red, white and blue to add to the festive appearance of the town.

The Committee is grateful to the Greenville citizens, young and old, who supported our efforts to make our nation's 200th birthday a series of memorable events.

SOUHEGAN VALLEY AMBULANCE DISTRICT SERVICE

Annual Report

An ambulance is not just a means of transportation for the sick and injured, but also a vehicle in which well trained Emergency Medical Technicians and their equipment respond to a medical emergency.

The Board of Directors of The Souhegan Valley Ambulance Service, Inc. is happy to announce a reduction in the budget for the ensuing year to \$4.25 per capita. A further reduction in the 1978-1979 budget is anticipated.

The year 1976 was a very active one, not only in training new personnel, but also in up-grading the present volunteers. Out of twenty-seven (27) licensed attendants, all volunteers, eighteen (18) are Emergency Medical Technicians. 75% of our drivers are graduates of the New Hampshire Heart Association and the Red Cross Cardio Pulmonary Resuscitation Course. Each Emergency Medical Technician has given a minimum of 80 to 100 hours just to complete their training. We are trying to schedule a Defensive Driving Course for 1977 for all members.

A breakdown of the total ambulance runs for 1976 for the four Towns is as follows: New Ipswich, 58; Greenville, 50; Mason, 23; Temple, 17.

In July of 1976 our new Modular Ambulance was delivered. Within 14 days it was fully equipped and in service with new and up-dated emergency equipment. This ambulance and equipment meets all Department of Transportation Federal requirements for emergency vehicles. Both ambulances may now communicate directly by radio-telephone with the Emergency Room of any hospital on the Eastern Seaboard. A verbal agreement exists between the Wilton-Lyndeboro and Jaffrey Ambulance Services for mutual aid which will provide three extra ambulances in case of an emergency.

The Board of Directors would like to equip the Attendants with a paging system. This would facilitate the response time in any emergency.

The Board of Directors would like to give a well deserved "thank you" to all of our volunteer attendants and the vari-

ous fire and police departments. Nelson's Answering Service is high on our list for a "thank you" for their contribution in the dispatching of drivers and attendants.

MONADNOCK REGION ASSOCIATION REPORT

The Monadnock Region Association was founded in 1934 when representatives from twenty-four towns in Southwestern New Hampshire first met and formed the organization.

The objectives of the Association today are much the same as they were in 1934.

We believe in tourism and recreation for the residents of the region and for the many visitors who enjoy coming here. The tourist industry in New Hampshire is a \$450 million dollar business and over 32,000 New Hampshire people are employed in tourist related jobs. The Monadnock Region Association is the only association or group expressly charged by the State of New Hampshire with the responsibilities of recreation and tourism in the Monadnock Region.

In 1976 the Association distributed over 120 thousand folders and brochures about the Monadnock Region to potential tourists and travelers to our area. Tourists paid the State of New Hampshire 14 million dollars Rooms and Meals tax in 1976. Over 5½ million dollars of this was redistributed by the State to all New Hampshire towns and cities. Every town and city in the Monadnock Region received a share of this tourist tax revenue according to population.

The Town of Greenville received \$11,454.76 of these funds in 1976.

The Monadnock Region Association also strives to improve the industrial climate in the area. We know that there can not be jobs for our young people if there are not shops, plants, and warehouses where they can work. In the Region there are many good companies that provide clean, well-paying jobs and they don't make smoke or pollute the streams. We seek to help other firms like these to locate in the Monadnock Region.

Also we want to maintain and preserve our natural resources, our mountains, our forests, our fields and our wild birds and animals so that they can be enjoyed by those who live here and by the visitors who come to the area now and in the future.

Our interests in recreation and tourism, in industry, and in conservation, haven't changed greatly in 43 years.

Mr. Cy Thibault is the Monadnock Region Association director in Greenville.

REPORT OF THE TOWN HALL SPACE STUDY COMMITTEE

ORGANIZATION

The present committee organized on June 22, 1976. Members included: James Bernier, Alfred Caouette and Joseph DesRochers from the Finance Committee; Henry Richardson and Richard Schuren from the Selectmen; and Albert Bourke and Dorothy Tuttle representing the Library.

Meetings were held on June 22, 1976, July 27, 1976, August 17, 1976 and September 8, 1976.

AUTHORIZATION

The Committee was authorized by vote at Town Meeting March 3, 1976, recessed until June 1, 1976 and again recessed until September 15, 1976 at 7:30 p.m. Article Seven amended by Alexander Taft was made to formulate a committee to study all available Town Hall space.

SCOPE OF STUDY

The Committee decided all available space should be studied to determine what areas could be used more efficiently in the best interest of the Town.

Areas Studied:

1. Community Hall
2. The old Post Office
3. The present Selectmen's office
4. The Water Department storage area
5. The shower areas in the basement
6. The Town Meeting hall

Requirements:

The library informed the Committee that they needed 50% more space than they now have.

The Selectmen indicated that as the office does more col-

lecting (water, sewage, taxes) a need for more accessibility is desired.

The Committee did not feel it was within their realm to study work flow measures nor to hire a consultant to do so.

Recommendations:

On a motion by Mr. Caouette, seconded by Mr. Richardson, Plan A was adopted unanimously as our major recommendation.

PLAN A

Move the Court Room to the present Selectmen's Office. Move the Selectmen's office to the old Post Office space. The Library would utilize the present Community Hall for their expansion.

Advantages:

1. \$5,000 has already been appropriated to renovate the Community Hall and we felt this recommendation would need less added to the above figure.
2. More accessibility to the Selectmen and the collection agencies because of fewer steps.
3. The library would double their present space.
4. The Court would have access to the vault for storage of records which are now being stored in a private home.
5. The Library would have a conference room, the Selectmen also would, and, if necessary the court could be used as a meeting place for groups.
6. The space assigned as above would be more efficient and would be utilized more economically.

PLAN B

On a motion by Mr. Caouette, seconded by Mr. Richardson, the following plan is an alternative.

Move the Selectmen to the old Post Office space.

The Library would use the old Selectmen's space.

The Court would stay as is.

This plan does not have the advantages of Plan A because it would be a more expensive move because of doors having to be cut through the walls. Also, the Library would not obtain 50% more space. However, it would make the collection agencies more accessible.

EXHIBIT 1: Old Post Office

EXHIBIT 2: Library

EXHIBIT 3: Water Department area

EXHIBIT 4: Selectmen's office

Note: The Community Hall is the same size as the Library.

Mascenic Regional School District

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Carl E. Bowers

The 1975-76 School year started with nine new members on our staff. Melinda Fields, Pamela Hoyt, Grade 2; Johanna Kennett, Grade 3; Nina Giacoppe, Elementary Art; Annette Leel, Grade 1; Robert Culhane, Mathematics and Science; Mary Harte, Mathematics; Irvin Somero, Science; Vincent Sheehan, Business Subjects. In addition to the above, Steven McGettigan and Kathleen Murtagh joined the staff as teacher aides, and Janet Andrews joined the staff as Elementary School Nurse.

Improvements in Reading, Mathematics, and writing has continued to be our number one goal. As we continue working in these three areas at each grade level, ultimately, many of the basic concepts will become a part of the students' background prior to their entrance into the Mascenic Regional School Middle Grades.

Our master plan for Staff Development that was accepted by the State Department of Education goes from June 30, 1975 to June 30, 1978. Staff Development is a system of in-service training leading to recertification of professional staff members through the satisfaction of determined educational needs of the Community, School, Students and Staff. The Staff Development Committee consists of 12 members representing Administration, Teachers, Community Members, Students, Service Personnel, School Board and Superintendent of Schools.

What do we mean when we mention Special Education? A program of Special Education is to provide the best and most effective education possible to all handicapped children in our district. Handicapped children includes those children who are physically, intellectually, and emotionally handicapped. This may be classroom instruction, instruction in physical education, home instruction, and instruction in various institutions. Related services would include trans-

portation and such developmental, corrective, and supportive services as may be needed to help a handicapped child benefit from special education. Examples of related services include speech pathology and audiology, psychological services, physical and occupational therapy, and counseling services used for diagnostic and evaluation purposes. It also includes the early identification and assessment of handicap conditions in children. The Special Education Consortium has been of tremendous assistance in placing our children in various programs that will best meet their needs and help prepare them for later years in life.

Transportation Workshops were conducted with the cooperation of the N.H. Department of Safety, Division of Motor Vehicles, in accordance with the New Highway Safety Manual as published by the U.S. Department of Transportation. Some of the specific objectives of the pupil transportation safety program is to ensure that each person who operates a vehicle is properly licensed and examined for this job.

A greater degree of uniformity and safety in the loading and unloading of school children. Each child who rides in a school vehicle is instructed by the driver as to safe riding behavior, and proper evacuation procedures. All these objectives will improve the operational safety of school buses on our State highways.

During the year we continued our maintenance program. Greenville Public and Sacred Heart Public Schools were painted on the interior, roof repairs at the Mascenic Regional School, and painting at Mason, along with the regular routine cleaning and repairs that take place during the summer months.

Another year of progress was accomplished because we all worked together for the same cause. With this in mind, I would like to thank the Mascenic Regional School Board, and other Town Officials and the Citizens of the District for their helpfulness throughout this past year, also the School Staff who has worked very diligently in carrying out the objectives of a quality program for all girls and boys.

ANNUAL SCHOOL NURSE'S REPORT

1975-1976

The School year of 1975-76 has come to an end.

The Nurse's work load was made much lighter upon the hiring of Mrs. Janet Andrew, RN to cover the elementary schools.

Physical examinations were given to all athletes and the seventh grade pupils in the Mascenic school by Dr. Robert Wellwood. The children with defects were given notes signed by the Doctor to take home to their parents. Mrs. Ann Aldrich, a volunteer, was very helpful with the physical examinations.

Defects found were:

- 1 Wheezes in the lungs
- 1 ? Heart murmur
- 2 Abdominal tenderness
- 2 Orthopedic defects
- 1 Dermatitis of the legs

Mrs. Noreen O'Connell conducted a dental cleaning and fluoride application program on 23 children in the 6th grade. Children were given permission slips to take home for parents to sign if they desired to take part in this dental program. Along with the cleaning and fluoride application the children were given instructions on how to care for their teeth. This is a very worthwhile program and could save parents a great deal of expense by participating in this school dental program, as only a \$2.50 fee was asked for from the parents toward the services of the hygienist. The State Dental Health Dept. supplied the equipment and materials for the hygienist. Cups and toweling were received from other sources.

Again there was no TBC testing done in the schools this year.

I assisted Mrs. Andrews in the first grade registration at the New Ipswich Congregational Church on April 19, 1976.

It has been a busy year for first aid. Children were coming

into the nurse's office for: pencil stab wounds, cuts, scratches, sprains, bruises, insect bites, blisters, burns, bloody noses, toothaches, earaches, a bite from a turtle, a fish, and complaints of not feeling well. Ill children were sent home if a parent could be reached to provide transportation and assume the responsibility.

Consultations with parents were made

Heights and weights taken

Blood pressures were taken. I lectured to a science class on blood pressure and instructed the class on how to take blood pressures.

Hair inspections were made. A couple of children had lice and nits and were excluded from school until the proper treatment had been received.

Absenteeism was checked daily. Many parents seemed appreciative that this is being done.

Many hours were spent on the Needs assessment committee, a part of the Staff Development. Also Staff Development Meetings.

I attended a workshop on school screening of spinal deformities,

I passed a basic first aid course in Nashua in October

I attended an Asthmatic conference in Keene

I was present in a VD Workshop at Mascenic

I passed a Multi-Media Red Cross Instructors first aid course in Pembroke Conference Center

I attended a meeting on the Swine flu immunization program in Concord. Plans are being made to immunize the school children in the fall.

ELEMENTARY SCHOOL NURSE

1975-76 Report

The school year of 1975-76 has been a very busy year for the Elementary School Nurse. In September the first graders were checked for immunization and physical examination. A marked improvement on the effort of the parents to meet state requirements was noted and very much appreciated.

Physicals were done by Dr. Robert Wellwood on all fourth graders, Mason Public School — 11, Greenville Public School — 19, and New Ipswich Central — 25. Those children who needed follow-up attention were given notes signed by the physician to be given to the parents.

Again the dental hygienist, Mrs. Noreen O'Connell, conducted a cleaning and fluoride application program on two hundred seventy-one students in grades one through five. Parents were asked to contribute \$2.50 per child for the program. The New Ipswich PTA, the Greenville School Club and the Mason School Club helped finance this program for indigent families and for other expenses not covered by the New Hampshire Department of Dental Health. Besides the cleaning and fluoride treatment, this year the first graders were introduced to a program on nutrition. Dr. Fred Giaimo of New Ipswich volunteered his time to give individual instruction on the care and brushing of teeth to the first graders. Thank you to all volunteers, Mrs. O'Connell and Dr. Giaimo for making the dental program a success.

A human growth and development program was introduced to the fourth and fifth graders this year. The program covers basic anatomy and function, special needs of boys and girls, and how to deal with problems of growing up.

First grade registration was held at the New Ipswich Congregational Church on April 19, 1976 which was co-sponsored by the Greenville Lions Club.

There were nine first graders registered in the Mason Public School; thirty-eight in the Sacred Heart Public School and forty-eight in the New Ipswich Central School.

All students were checked for weight and height. Vision and hearing tests were done on all third and fifth graders and special instructions in personal hygiene with first-aid care for minor injuries.

I wish to express my sincere appreciation to all who helped to make this school year a successful one!

Respectfully submitted,

JANET GILSON DOW, R.N.
