SELECTMEN'S NARRATIVE
1987

This has been a trying year for the Selectmen and the Town. We have enjoyed success in some areas and have suffered in other areas, most notably with the increased tax rate. Yet, the tax increase has stirred up real, positive interest in the Town, and folks are taking a look around, some of them for the first time. This is a healthy sign, one that the Selectmen are glad to see. For too long the Town has suffered near fatal apathy, with little or no interest on the part of most to become involved. It's a shame that it took a tax increase to arouse the Town but that's probably the only thing that could.

The Selectmen were as unhappy as everyone else with the increased tax rate, and took immediate steps to find out the whys of the increase and what could be done to prevent this from happening again. The Selectmen met with a representative from the State Department of Revenue (they set the tax rates) to see what could be done. The meeting was two-fold: (1) to review the causes of the increased tax rate and (2) to see what could be done about stabilizing the tax rate over the coming years.

As many of you know, the tax rate increase was largely brought about by the over \$100,000 in special articles approved by the voters at Town Meeting and the unexpected small offset in the Town Budget. The offset in the past has usually helped in holding the tax rate or even to reduce it. However, for 1987, due to stringent Town budgeting and change in State procedures, the offset was not enough to help. The State, at our request, will monitor the offset much closer to ensure that what is being done is adequate.

As far as stabilizing the tax rate, the State representative repeated what the Selectmen already knew. Budgets (and taxes) are dependent on what the voters authorize at Town and School meetings. The Town budget, while prepared by the Selectmen, cannot be implemented until the Town has voted on and approved it. Likewise, special articles cannot be implemented by the Selectmen unless the Town has voted on and approved the articles. Once the budget and special articles are approved, Selectmen must raise that amount of money through taxes. Special articles in particular, if not carefully voted on, can cause large increases in taxes, as happened in 1987.

The State representative pointed out that special articles for expenditures should be subject to a Capital Improvement Plan, a plan that was voted down by the Town several years ago. A Capital Improvement Plan typically projects capital expenditures (equipment, buildings, maintenance, etc.) over a period of time (say five years), and recommends that certain sums of money be set aside to finance these expenditures similar to what happened in 1987. In other words, the Selectmen must plan ahead, and ensure that all departments do the

same. This is an area that the Selectmen will be looking at very closely. In fact, the Selectmen have already alerted most departments to the need for a five-year plan.

There is a renewed interest in the forming of an active Economic Development Committee within the Town. The purpose of the Committee would be to study and recommend ways to attract industry or other sources of tax revenue to Greenville. The Selectmen are supporting a special article to form such a committee. We hope that it is passed, and that you will participate. Without some sort of industry or other source of revenue beyond what we presently have, it is doubtful that taxes will ever go down or level off on a long term basis.

In other business, the Selectmen concluded the search for a cable TV system and signed a contract with David Bourque cable television firm for installing the system. We hope to see it installed and operational within six months. This should make all you sports fans very happy. But don't get too involved in it; save some time to serve on a committee or two in the Town.

The Block Grant program for rehabilitation of housing in Greenville, after a slow start, is now in full swing. There are approximately six (6) houses presently under contract, with more to be added. The block grant offers low interest or no interest loans to home owners for winterizing, updating of wiring or plumbing, reconstruction as needed, and general updating of deteriorating or substandard homes. The program is working well enough that the Selectmen and Southwestern Regional Planning are actively seeking a second block grant to cover even more areas in Town.

The Parks and Playgrounds Committee successfully installed an ice skating rink at the Town Park. We hope all of you give it a try. Skating is good exercise and great way to meet people. You can never tell who you may "run" or "bump" into at the rink. Thank you, Kathy and Charlie and all those who helped out.

The Selectmen hope all of you support the Tax Lien Article that is being proposed at Town Meeting. Under the current tax lien system, anyone, including outsiders, can bid on property being put up for sale for unpaid taxes. Generally speaking, outsiders only interest in obtaining tax liens is the easy "bucks" to be made, with little or no consideration for the people involved. The proposed new tax lien system would eliminate outsiders from bidding on properties, thus allowing the Town to acquire the property.

The State coordinated insurance pool that the Town joined last year has worked out very well. Not only has the Town saved money in premiums, but we also received a sizeable refund that the Selectmen applied against this year's premium.

Selectmen's Narrative - Continued

In closing, we ask each and everyone of you to volunteer for Town committees and activities. It is only through your support and involvement that the Town will break out of its lethargy, overcome the negativism so prevalent, and restore the Town to a place to be proud of. We have all the ingredients for a great Town, we just lack the catalyst - YOU! The Selectmen need help, they cannot do it without your help.

The Greenville Finance Committee has met with department heads of the Town of Greenville and reviewed their budget requests for the coming year 1988. The Finance Committee makes the following recommendations:

I. General Government \$ 883,610.50

II. Articles:

18	Fire Department Barn Repair	recommend
20	Police Department	do not recommend
16	Library - lighting	recommend
10	Library - Trustees	recommend
14 & 15	Administrative Assistant	do not recommend
13	Re-evaluation	do not recommend
		as proposed
21	Sewer Extension	do not recommend
		as proposed
12	Pool Fee	recommend
11	Water Commissioners	recommend
19	High St Improvement	no recommendation
		due to lack of
		information

The Greenville Finance Committee wishes to thank all department heads, the Board of Selectmen and other persons, for their cooperation and assistance in helping us to formulate our recommendations to the Town. We feel they are adequate for 1988. We strongly urge the voters to support our efforts and recommendations, as we attempt to move towards a more acceptable level of tax liability for the people of Greenville.

Respectfully submitted:
Greenville Finance Committee

HIGHWAY AGENTS REPORT
1987

The year 1987 was a very busy time for the Highway Department. We worked with the State Highway Department, and replaced a chain link fence with a beam rail fence along River Street between the Fire Station and Adams Street.

We also worked on High Street and Church Street sidewalks in conjunction with the Sacred Heart Church renovations.

The road sealing program continued with 2.5 miles of road being sealed. It is hopeful we can continue this program each year.

We finished up all eligible areas damaged due to the summer flood of 1986.

The Highway Department personnel attended several seminars and classes to keep them up to date on some of the newest road maintenance procedures and technology.

This fall we received our new 4-wheel drive one-ton truck. It will be used to plow the street in the center of town.

Our biggest undertaking and accomplishment was the erection of an 40' X 8' metal arch building. Many talents and skills were volunteered and used, with appreciation.

In closing the Highway Department would like to thank all the Town Departments and you the tax payers for supporting us with co-operation and understanding. I would also like to thank my staff and crew for their support and doing a fine job.

Respectfully submitted,

Charles Buttrick
Road Agent

PLANNING BOARD REPORT
1987

Planning Board availability for 1987 was highlighted by the passage of the Zoning Ordinance, approved by a 2 to 1 margin at the adjourned Town Meeting held in June of 1987. The Zoning Ordinance divides the Town into four districts; Rural/Agriculture; Residential; Commercial and Industrial; also a "Special" Commercial District was created along the southern stretch of 31. Special thanks go to the citizens group who helped formulate the Ordinance, and brought out the voters to help its passage.

Following enactment of this Ordinance, a Public Hearing was held to enact a Site Plan Review, with its result passage. The Site Plan Review provide that all non-residential building and projects involving more than two residential buildings on the same site be reviewed and approved by the Planning Board.

Several subdivisions were also approved and preliminary discussion have been held with a firm interested in locating an industrial plant in the Rousseau Heights area.

Respectfully submitted,

Robert Wilkins, Chairman
Greenville Planning Board

REPORT OF THE CHAMBERLIN FREE PUBLIC LIBRARY
1987 HIGHLIGHTS

- January The Internal Revenue Federal Tax Forms are available at the library. The library has both reproducible tax forms and multiple copies of many forms, instructions and schedules.
- February The Chamberlin Public Library applied for a federal grant to fund Project LIRA (Literacy in Rural Areas). Under this Library Literacy Program, the U.S. Dept. of Education provides grants not to exceed \$25,000 each to state and local libraries to support literacy projects. Two Hundred and Fifty (250) grants will be awarded nationally.
- March The library now has books on tape for loan. Our selection includes both fiction and non-fiction for children and adults. Large type books are available for adults.
- April Volunteers are needed to help in many areas of the library. The library is open:
- | | |
|----------------|---------------|
| Mon & Wed | 7 - 9 p.m. |
| Tues Thurs Fri | 9:30 - 5 p.m. |
| Sat | 9 - 1 p.m. |
- Closed Sat during August and September
- May The annual auction was held by the Friends of the Library. Proceeds from this auction enabled the Friends to purchase chairs, a calculator, and computer work station for the library, and to decorate the Town Hall for Christmas.
- June The library continues to use NHAIS (New Hampshire Automated Information System) to provide Inter Library Loan Services for its patrons. The library is now on a van route from Concord and I.L.L. books are delivered twice weekly on Tuesday and Friday.
- July The Chamberlin Public Library was awarded a grant for Project LIRA under the Library Literacy Program. (Title VI of the Library Services and Construction Act). The total dollar amount received by five N.H. Libraries (\$113,578) is higher than the total amount received for the rest of the New England states combined
- August Overdue books continue to be a problem for the library. Please try and return all books on or before their due dates. Renewals may be done by calling the library (878-1105) during open hours. The library does not charge fines but only for damaged or lost books.

- September The children in the Resource Room thru grade 3 at Greenville Elementary School visit the library bi-weekly to choose books for recreational reading and for curriculum support. The Friends of the Library sponsored a children's performance, featuring Don Grady, noted N.H. puppeteer.
- October The first "Holiday Storytime" was held. Volunteers are needed to help with pre-school storytime. Project LIRA held its first GED class. The first "Harvest Fair" was held by the Friends of the Library.
- November The Friends of the Library received a grant from the "Council for the Humanities". The Apple computer was installed as part of the grant from Project LIRA.
- December The Trustees and Staff of the Chamberlin Public Library thank the townspeople for their gifts of time, books, and money during the past year. A special "Thank You" to the Friends of the Library who decorated the Town Hall and Library for the Christmas season.

CHAMBERLIN FREE PUBLIC LIBRARY

PROJECT LIRA

The Chamberlin Public Library is the scene of adult education classes, thanks to a literacy grant awarded to Project LIRA. (Literacy in Rural Areas). Project LIRA makes basic education available to adults in the area by providing materials and teachers to assist adults wishing to improve writing and math skills. There are also classes for those wishing to earn a high school equivalency degree (G.E.D.), or for those needing help in learning English as a second language. A computer is also available at the library for students enrolled in the program.

The Chamberlin Library has proved to be a convenient location for students and teachers. The staff has provided encouragement and support for students, tutors, teachers and programs. The effort to encourage literacy is a nation-wide effort, and Greenville is to be commended for contributing to that effort.

In addition to present activities LIRA will offer a GED class to area residents. The class will begin on March 21 and run on Monday and Wednesday from 6 - 8 pm at Mascenic High School. Classes will continue to the end of May.

The classes are free and open to all persons over 16 and out of school. Interested persons should call the Greenville library and leave their name and telephone number.

Project LIRA Coordinator

THE FRIENDS OF THE CHAMBERLIN FREE PUBLIC LIBRARY
1987 REPORT

The Friends of the Chamberlin Free Public Library derived their revenues primarily from the annual spring auction and an October Harvest Fair. With these funds, they purchased some items for the library and sponsored a number of events for the community to enjoy. We bought a computer work station and chair for the library's new computer, an adding machine, folding chairs, and a pass for the Museum of Fine Arts.

For area children the Friends provided a monthly story/craft hour and sponsored a Dan Grady marionette variety show. In November, we invited John Allen to give a lecture on skiing in New Hampshire with funding support from the New Hampshire Council for the Humanities. Then, we decorated the library and town offices for the holiday season.

Currently there are Friends of the Chamberlin Free Public Library tee-shirts on sale for users of the library to buy and wear displaying their support of a fine library.

GREENVILLE POLICE DEPARTMENT

REPORT FOR 1987

The year 1987 was a moderately active year for the Police Department. We had over 175 criminal cases, 90 incidents and 35 traffic accidents. With two full-time officers, the department relies on part-time personnel to take up the slack, so we have a wide variety of personalities that respond to your calls. During the last quarter of 1987 the department has had an answering machine that we are still trying to work the bugs out of. Even though we use a central communications center for immediate response situations, there are times when information is needed, not immediate action. We hope that the answering machine will expedite things.

Many businessmen in the area have donated time and goods to the department for the protection of the town. We would like to take the time to publicly acknowledge the gift of a new shotgun from the Approved Color Corporation, Adams Hill Road, Greenville. This was greatly appreciated. Heywood's Garage and West Side Auto Clinic spent many hours working on the old cruiser and then transferring equipment from the old cruiser into the new. We relied on them for much and they cooperated fully.

James McCreery, the afternoon school-crossing guard, completed his time with us at the end of December. We will miss him as will many of the children that he has helped to keep safe. Alan Kraszeski now cares for the school crossing mornings and afternoons. This past summer, Nancy Wessels, the part-time secretary for the department, moved from the area. She is missed by those she worked with and for.

We had a number of special events again this year, notably, the July 3rd and 4th celebration and the Dedication of the new Legion Memorial. Both events were well handled by their respective committees, allowing us to work with them smoothly. It was a pleasure to be involved with both events.

This year saw the addition of three part-time officers, replacing those who through ill health or new horizons were no longer able to be available. One candidate, James LaBelle, is scheduled to begin Part-time Officers Training School in Concord in January at the State facility in Concord. We are working with the Police Standard and Training Council to place our other two candidates as soon as possible.

One of our training needs was met this year by the construction of a firing range. The new facility, while not a country club, serves the purpose of allowing our officers to prove their qualifications to carry weapons meets or exceeds the State standards, as required by law. The facility is located on the town property on the grounds of the sewer plant. This is a closed facility, available only by permission of the Board of Selectmen. Before the site was used, rules and regulations governing its use were drawn up and reviewed.

Greenville Police Dept. - Continued

The issue of AIDS is of concern to all safety personnel. To answer the questions that arise, the Police Department arranged to have Dr. Shaprio of Manchester address the department and any other personnel of the local town services that wished to attend. We would like to thank Dr. Shapiro for taking the time to address the issue for us.

A new cruiser, a major factor in the coverage we provide was put into active service this summer. The cruiser travels an approximate 100 miles a day because, while the day is shared by different officers, the car works it all. We appreciate having reliable transportation for the department.

Our department is still not a full-time department. We try to provide 24 hours coverage with 2 full-time men, but this is not always possible. We are experimenting with ideas new to us, such as our answering machine, but know that there will be times that we disappoint you. When we cannot provide the coverage needed in any particular instance, the State Police will respond to the best of their ability, but they also are short handed. As noted, we do use part-time personnel, but they are not scheduled to provide back up for when we already have personnel on duty. They fill in our weekend needs so that our full-time personnel can work only 60 hours a week each.

We would like to close our report with appreciation expressed to those men and women who work in the Greenville Police Department and to those who have supported them by work and action through the last year. We look forward to another year of close cooperation and association with the members of the Greenville community.

Respectfully submitted,

Allan LaFreniere
Chief of Police

SOUHEGAN VALLEY AMBULANCE SERVICE
1987 - REPORT

The Souhegan Valley Ambulance Service, Inc. continues to provide efficient professional quality service to the communities of Greenville, Mason, New Ipswich and Temple. This service is possible only through the dedication of our well-trained Driver/Attendants, all of whom are volunteers. Most of these volunteers are now Nationally Registered Emergency Medical Technicians-Ambulance. Many have also undergone advanced training to become EMT-Intermediates, for example, EOA (Esophageal Obdurator Airway). We are presently looking into more advanced training so some of our Attendants may administer IV's. Our attendants are usually on all night call about seven (7) times a month. There presently exists a need for volunteers who are able to answer calls during the daytime. Any resident of the four (4) town area interested in joining the Service are encouraged to contact any attendant or member of the Board of Directors.

The Service is presently looking into replacing the older ambulance's chassis, cab and engine coupled with having the ambulance module refurbished in the near future. This ambulance unit is over ten (10) years old.

The Souhegan Valley Ambulance Service continues to operate at no expense to the individual requiring emergency ambulance service. The projected annual per capita cost for 1988 for the four (4) towns is \$4.11, which is a small increase from last year. This is proportionate to the increased number of calls that is anticipated due to population growth in the area.

For some years now, Souhegan Valley Ambulance Service has had difficulty maintaining an adequate number of volunteers who are available to cover ambulance calls during the daytime hours on weekdays. The Board of Directors has tried various approaches to solicit and train ambulance attendants to relieve this situation. This year we foresee even more difficulty in doing this. We have also relied on the availability of mutual aid from services in surrounding communities, but they are also having difficulty providing daytime coverage. Because of this we cannot state that we will be able to provide prompt care for all emergency calls.

Because of the shortage of daytime volunteer manpower we have already experienced some delays in response times, particularly when we have need to have another service respond into the area, or when one of our volunteers has needed to respond from an unusual distance.

In order to provide the high quality care that people have come to expect from this service we feel that the time may have come to have two full-time paid attendants on duty during the daytime. We will

Souhegan Valley Ambulance Report - Continued

continue to provide weekend and nighttime coverage with volunteers as we have in the past.

We feel that this matter should be put before the voters of the district so that they will be aware of this situation, and will have an opportunity to decide how they want to resolve it. We can provide the services, but at a cost, or the voters can choose to accept that emergency medical care at times may be delayed.

REPORT OF TOWN FOREST FIRE WARDEN
AND
STATE FOREST RANGER

Between July 1986 and June 1987, we experienced fewer fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest tax law may be violated, call your Forest Fire Warden, or Concord Forest Protection Headquarters at (603) 271-2217.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

GREENVILLE TOWN POOL

DIRECTORS REPORT FOR 1987

The summer of 1987 proved to be quite a success at the Greenville Town Pool due to a large amount of participation by local children. The pool was under the direction of Lisa Gauvin assisted by Linda Buttrick, while Normand Drouin and Kelly Desmaris served as lifeguards and swim team coaches. Two sessions of swimming lessons were held, each lasting three weeks. Approximately 120 children participated in lessons throughout the summer. The American Red Cross programs from Beginner through Basic Rescue were offered. The swim team, which consisted of 7 - 16 year old swimmers did a great job this summer. They participated in three swim meets. They proved themselves against Wilton when they were victorious 362 - 280. This was this first victory in three years. A trip to Greenfield State Park, Movie Night, a bubble gum blowing contest, water balloon toss, diving for money, and a biggest splash contest were other activities organized for the children of all ages. The annual awards day was held on Friday August 21st. One hundred people enjoyed a barbecue and free swim. Certificates for activities and swimming lessons were awarded to all the participants. A special thank you to Emily Doonan, Meredith Lizotte and Liane Rousseau for their help with swimming lessons. We hope to see even more children participate next summer.

Lisa Gauvin
Pool Director

PARKS AND RECREATIONS REPORT

1987

At long last the Tennis Courts are now completed. Matching funds will soon be reimbursed to the Town. We hope to see many of you using this facility. If it becomes necessary we will have scheduled times for its use.

The Pool's staff consisted of Lisa Gauvin, Director; Linda Buttrick, Coordinator; Norman Drouin and Kelly Desmarais, lifeguards. They should be congratulated for the fine job they did and the events that took place thru the summer.

Our Pool House needs major repairs within the next year, if we expect to maintain the pool as part of our recreation facilities. If we had more volunteers interested we may be able to coordinate a community effort to restore the pool house without tax dollars.

The Parks and Recreation is in need of three members to complete our committee. If anyone is interested please notify the Selectmen or one of the committee members.

As many of you know a skating rink was constructed at the field. The weather has not cooperated this winter, but thanks to the Fire Department a few volunteers, many have enjoyed this winter sport, young and old.

The field was in constant use from May to September. We hope scheduling can be done earlier in the year to avoid confusion when everyone is into the baseball season.

We would like to thank the Greenville Little League, Men's Softball League, and the Mascenic Girls Softball Team for their cooperation and also thank the townspeople for their continuous support and cooperation.

Kathleen Valliere
Charles Buttrick

SUPERINTENDENT'S REPORT
MASCENIC REGIONAL SCHOOL DISTRICT

I am pleased to submit my fourth report to the District for the 1986-87 school year.

The school year began with a student enrollment of 1,182 students, with 530 secondary students and 652 elementary students. This represented an overall decrease of 1 student from the previous year's enrollment.

Several new teachers joined the staff. At the elementary level, Deborah Bentley - grade 1, joined the Greenville staff. Mary Bralla - grade 2 and Karen Brigham - grade 2, joined the New Ipswich Central staff. Paula Dwyer - grade 5, and Gertrude Morgan - grade 5 joined the Appleton staff. Robin Frisch - grade 4, joined the Mason staff and Ellen Caravella transferred to New Ipswich Central - grade 1. Theresa Galley joined the elementary staff as physical education teacher and began a much-needed elementary physical education program. At the secondary level, the following teachers joined the high school faculty: Lorraine Chislett and Elizabeth Robblee - science, Martha Driskell - Home Economics, Gary Goldsmith and Ruth Ann Moyer - Social Studies, Gail Nord and Stanley Harrison - Guidance, Leif Nord and Margaret Sauvain - Special Education, Phil McMurray - Administrative Assistant, Gloria Tyler - Mathematics and Steven Riggs - Building Construction. In August, Michael Mezzocchi was appointed Associate Principal - Secondary, and in November, Paul Ralston was named District Principal.

During the school year, the District accomplished or pursued a number of goals. Under Steven Riggs leadership and planning, the Building Construction program was successfully reinstituted at Mascenic. The first house was completed by the students in June and sold in September. Construction of a second house is well underway this year. In its effort to attract and keep excellent teachers, the Mascenic School Board settled a three-year contract with Mascenic teachers which significantly raised teachers' salaries. The Board also established a joint teacher-administration-board committee to address staff needs and concerns. The administration established a Testing Review Committee to analyze the District's testing program. Curriculum projects in social studies and writing were completed. A number of projects and activities to heighten students' awareness and understanding of drug and alcohol abuse issues were initiated at the secondary level.

The second major goal, that of providing for Mascenic's facility needs, was addressed this past year with the completion of a program and facilities study by consultants from the University of New Hampshire. Three alternatives were developed in the study and presented at a public hearing in October. Those in attendance were nearly unanimous in selecting the solution alternative recommended by the consultants. The School Board has endorsed this alternative and will present a bond issue proposal at the March 1988 school district meeting which will meet the district's space needs until 1996.

Mascenic Regional School completed a very successful year in a number of areas. Academically, the Junior/Senior High Math Program was reviewed and a stronger curriculum implemented. Also, the Social Studies Department implemented an Advanced Placement Program for those students capable of achievement on that level. The school received two separate computer grants which have allowed for an increase in computer courses available to all students grade 7 through 12. A Home Base Program was implemented this fall to assist students having difficulty with both school attendance and academic achievement.

Guidance activities at Mascenic were extended to offer an SAT Prep Course as well as group counseling on coping with loss. Our 8th and 10th grade test scores saw a sharp increase as did our college level enrollment with 38% of the 1987 Senior Class attending a post secondary school.

The athletic teams at Mascenic continued to achieve success with last years volleyball, softball and baseball teams participating in the State Tournaments. Mascenic also entered teams for Granite State Challenge and the Academic Decathlon with plans to participate in the Jr. High Math Counts Program.

Students activities accelerated with the student council sponsoring a Thanksgiving Dinner as well as a Spring Brunch for Senior Citizens. The SADD organization sponsored a Drug Awareness Day and the National Honor Society sponsored an Achievement Night for those students who were successively on the Honor Roll.

The Music Department held a Christmas and Spring Concert and Career Assembly, and informational meetings were held for parents and students concerning employment, college and financial aid.

The voters at the 1987 school district meeting approved a budget of \$4,098,411. Marcia Ober was elected to a three year term as New Ipswich representative, replacing Earl Somero. Susan Rantamaki was elected to a two year term to fill the unexpired term of Carlene Gavin. Diane Beckman was appointed Greenville representative, replacing Thomas Welden. Matt Beckman was elected student representative to the Board. Corinne Hall was reappointed Treasurer and Lynne Way was reappointed School District Clerk. Bruce Hamilton was elected Chairman of the Mascenic School Board, and Arthur Godjikian, Co-Chairman.
